

TECHNICAL DATA SHEET

SF104 DRIFT TRAINER

MESH & ACTION NUBUCK UPPER

PROTECTIVE
STEEL TOE CAP

PROTECTIVE NON-
METALLIC MIDSOLE

DESCRIPTION

Blackrock's Drift Safety Trainer is a modern style that is ideal for a wide and varied range of industries. Featuring a mesh and action nubuck upper, it has steel toe cap protection and a lightweight, metal-free penetration resistant midsole. The hardwearing, dual density PU sole is shock absorbent, anti-slip and fuel oil resistant.

SIZES
