

TECHNICAL DATA SHEET

SF105 FLOW TRAINER

DESCRIPTION

Blackrock's Flow Safety Trainer is a modern style that is ideal for a wide and varied range of industries. Featuring a flyknit mesh upper, it has steel toe cap protection and a lightweight, metal-free penetration resistant midsole. The hardwearing, dual density PU sole is shock absorbent, anti-slip and fuel oil resistant.

SIZES

UK 6-12

STANDARDS

EN20345:2022
